FAMILY FUN DAY **SATURDAY, FEBRUARY 25TH** **10 AM TO 4 PM**

We are eagerly awaiting our annual Family Fun Day and hope that your family will join us for a wonderful afternoon of quality family time!! There will be bounce houses, a rock climbing wall, pony rides, a dunk tank, jousting, grade level booths of various activities as well as arts and crafts for the children. For adults, we will be hosting a gift bag raffle and have a variety of vendors along with the amazing food trucks and their culinary delights!!!

This is the first year that we will be actively involving other schools and community partners. We are excited to show the community of Homestead the magic of Air Base Elementary School!!

We are also renting 10' x 10' booth space for \$25 for the day. If you would like to showcase your business, please contact Ms. Corrales or Ms. Salinas in the Magnet Office at 305-258-3676 ext 121. We welcome a wide variety of vendors from jewelry, cosmetics, art, sports merchandise, etc. We look forward to your valuable contribution to this event!

For each person attending the event there will be an admission's fee. It is \$5 in advance and \$6 the day of the event. The tickets can be purchased through your child's homeroom teacher. Additionally, there will be a \$3 unlimited bounce stamp offered the day of the event, which will allow your child to pay one fee to jump the entire day.

The fifth graders will be having a Walk-a-Thon during this event to raise monies for their class trip to St. Augustine. Each walker has pledged funds that will benefit them directly. We wish them all the best!! Please take the opportunity to support our fifth graders.

We look forward to seeing you and your family on the 25th!!!

2012 Science Fair Winners **Intermediate Students**
