

To our Air Base Elementary Parents:

Since 1958, Air Base Elementary has endured, thrived and grown to become a top-rated and exceptional school in the Miami-Dade school system. From being one of the first desegregated schools in the South Florida region in 1959, to undergoing the devastation of Hurricane Andrew in 1992, then becoming recognized with the Magnet Schools of America Award in 1998, Air Base Elementary has certainly distinguished itself nationally and in our local community.

This year, on February 28, 2009, Air Base Elementary - where excellence is a habit - will be celebrating its 50th Anniversary. Wow! We look forward to another 50 years of excellence and distinction as an "A" rated school in South Florida. Excellence in education is Air Base's first priority, and our parents have played a critical role in contributing to Air Base's continuous success with its educational and extra curricular programs. With that said, The Air Base Elementary PTA needs your help in organizing our 50th Anniversary event in celebration of past and continued excellence.

The PTA has established committees to ensure that our celebration will be a great success. We all know that the times are tough but in order to make this event possible we need your help. We are asking for parents to sign up for those committees. Or you can also help by going to your local businesses and asking for donations/sponsorships with the letter attached. As we begin to pull together this very exciting event, we hope you can help us make it a very memorable 50th Anniversary. We always appreciate your generous help and support.

Most Sincerely,

ABE PTA & 50th Anniversary Event Committee
